WESTERN BLOOD

About to Be Installed into the Navy Department.

Naval Officers Will Make a Tour of the Western Cities in a Few Days.

With a View to Securing New Recruits.

The Lake Cities Will Be Visited First and Lake Cities Followed—Insurgents From the Capital.

WASHINGTON, July 10.—The navy department is about to undertake to get more western blood in the navy and to this end Lieut. Com. J. M. Hawley, with a surgeon and a boatswain, will start from Washington next week on a tour of the larger western cities with a view to securing recruits. The first stop will be made at Duluth and then Chicago, Milwaukee, Toledo, Indianapolis and other lake cities will be visited. The plan is to open temporary recruiting offices in these places, and secure for the navy as many of the lake sailors as possible. The project is to be credited to Lieut. Com. Hawley, when the department came to realize the fact that not a single vessel in the navy services had a full complement of ordinary seamen and sailors, and that men of the high standard desired by the navy could not be procured in sufficient numbers in the coast cities, his plan was adopted and he was placed in charge of its execution. Most of the sailors in the navy's warships are from the coast cities, although recently some westerners have been drifting into the service, and it was felt that this movement could be stimulated the navy would be benefited by securing a larger proportion of men from the stock in its enlistment. Letters received at the navy department showed that one obstacle to the entry of westerners into the service, was the fact that the men who were willing and anxious to enter, had not the means to reach the seaboard cities where enlistments are made. It was for this reason that Lieut. Com. Hawley was instructed to establish recruiting offices for recruiting as he goes, where the recruits may apply and be sent in batches of ten or a dozen in charge of the boatswain to the nearest navy yard at the government's expense. The terms offered to the lake sailors are: For ordinary seamen, \$10 per month, and for sailors \$24 with an allowance of \$1 per month extra to each upon re-enlistment and ration. The recruiting office hopes to secure some machinists from the lake ports for the navy. The pay of these men in the navy is to be \$10 per month against an average of \$45 on the lake service.

WASHINGTON, July 10.—The senate committee on foreign relations made two efforts Friday to secure a full meeting for the purpose of taking up and if possible disposing of the Hawaiian annexation treaty, but the necessary quorum was secured at the forenoon session, and there was not a full attendance at the afternoon session. The treaty was discussed at some length at the latter session and the more pronounced of the advocates of the treaty suggested the desirability of early action. This suggestion was antagonized, however, by the opponents of ratification, who held at least one of the supporters of annexation, on the ground that the matter is too important for immediate action. The committee adjourned until next Wednesday.

WASHINGTON, July 10.—The remains of Senator Harris will be taken to Memphis for interment over the C. & O. railway, leaving here Saturday night at 11:10. The body will arrive at Nashville Monday morning at 10 o'clock and lie in state at the Tennessee capitol until 8 p. m. Thence the remains will be conveyed to Memphis over the N. C. & St. L., arriving there at 6 o'clock Tuesday morning. The funeral will occur at 10 o'clock Tuesday and the congressional casket will leave Memphis at 8 p. m. Tuesday, arriving here at 6:47 Thursday morning.

WASHINGTON, July 10.—United States Consul General Lee has been rendering some account to the senate of his expenditures from the fund appropriated by congress for the relief of destitute American citizens in Cuba. His figures were presented to the senate Friday and the showing was remarkable, for it appeared that of the total of \$50,000 at the disposal of the consul general, he had expended only \$6,000, and yet had given substantial relief to every distressed American whom he could find ready to receive aid, and besides had shipped some of them back to the United States.

WASHINGTON, July 10.—The commissioner of pensions has before him the case of a boat 100 veterans dismissed from the pension office during the administration and who seek reinstatement. They are being carefully considered, and where possible and the chairman's warrant it, reinstatement will be made.

WASHINGTON, July 10.—President McKinley will spend most of his vacation on the shores of Lake Champlain. He will leave Washington on August 1 and go direct to Lake Champlain, Plattsburgh, N. Y., his nearest town. His party will consist of the members of the presidential family, of Vice President Theodore Hobart, Secretary Alger and family, Secretary and Mrs. Porter, and probably several other members of the staff. The president will make quite a prolonged stay, lasting several weeks at least. He has no plans per se beyond this, but he said he would take a western trip in July provided congress adjourned in time.

WASHINGTON, July 10.—It was announced on authority that with the presentation to the senate of the large draft of diplomatic and consular nominations which has been prepared, will go to the capital Saturday on Monday, the president will decline to make any more appointments, and will place the nominations to places of this character until after the adjournment of congress.

KENTUCKY NEWS.

The Latest News From All Parts of the Commonwealth.

Tornado in Western Kentucky.

PADUCAH, Ky., July 10.—A tornado swept over western Kentucky and southern Illinois Friday night, doing damage to crops and farm buildings. So far as known but three people were injured. They are: Capt. Paul Healey, Golconda, Ill., with J. Jamison, guard at the prison at Edwidge, Ky., and Harry, unknown Negro, Edwidge, Ill., who died.
